International Students – U.S. Cosigner Loan Options: The U.S. cosigner must be a creditworthy citizen or permanent resident. Keep in mind that for some lenders, a student must have a social security number in addition to having a cosigner. For more information about the cosigner loan options, please access [Duke University’s Recommended Lenders link](#):

Students may use a private student loan (U.S. Citizen/Permanent Resident cosigner required) to apply for the entire tuition and fee amount.

Please note that each Term has a loan disbursement date (federal regulations states that loan funds must disburse no earlier than ten days before the start of class, per Term). Our office provides these dates to the lender so that they may disburse funds directly to the University, appearing on your student Bursar account.

The Corporate Tuition Assistance (CTA), sponsorships, and scholarships are considered financial aid resources and may impact student loan borrowing eligibility.

*NOTE: The established living expenses of this COA are results of an annual Duke University survey completed by Duke students receiving financial aid (i.e. student loans). The Financial Aid Office uses the survey results to establish a "student budget" and determine eligible borrowing amounts. The living expenses are based on the monthly living expense allocation for the residential Master of Quantitative Management (MQM) Business Analytics program in Durham.

**The Student Loan Borrowing Limit will be reduced by any other financial aid received (i.e. scholarships, sponsorships, other student loans). This cost of attendance will determine the total amount of your Financial Aid eligibility.

Additional Considerations to Increase the Cost of Attendance (requests must be in writing)

One -Time Computer Increase - Students must submit an invoice or quote for the price of the computer in order to receive this increase up to the \$2,000.

Increase for Family Expense - Requests for budget adjustments are considered on a case-by-case basis.

- Dependent/Childcare Expense for Students who are:

- 1) Single Parents - Up to a \$1,193 (per month) allowance may be factored for certified Dependent/Childcare expenses per child.
- 2) Married and Spouse is working or in school - Up to a \$597 (per month) allowance may be factored for certified Dependent/Childcare expenses per child.

Please contact our office for details regarding the regulations and documentation required for a Dependent/Childcare allowance.

Private Student Loan Programs ONLY may be used for the following increases:

Statements and explanations provided by the student for immediate family expenses do not constitute supporting documentation for budget adjustments.

Depending on the reason for the increase request, and in order for the Financial Aid Office to determine if an increase is allowable, students may be asked to submit additional supporting documents beyond those originally submitted. Per student's request and depending on special circumstances, we may consider an additional of living expense increase up to 60% of the standard living expense allocation (This is only considered for Fuqua students whose spouse is living with them during their studies at Fuqua, not employed and not a student).

Non-Allowable Cost of Attendance Adjustments: Expenses incurred for interview activities coordinated by Fuqua (i.e. Weekend-In-Cities) and general interview trips are not considered for financial aid purposes because they are not standard requirements within the curriculum. Please Note: Due to Federal Law, personal consumer debt (i.e., credit cards, car loans, etc.) cannot be factored into the cost of attendance.
